

COSPHADERM® T-70 NON GMO ECO CC

Cosphatec

Cosphaderm® T-70 NON GMO ECO CC is a COSMOS-certified antioxidant blend based on organic sunflower oil and mixed tocopherols from non-GMO vegetable sources. With a minimum of 70 % tocopherols, enriched in β -, γ - and δ -isoforms, it provides robust antioxidant performance. Mixed tocopherols are well established for protecting oil-based components against oxidation. By maintaining colour integrity and preventing odour formation, Cosphaderm® T-70 NON GMO ECO CC supports the long-term stability and shelf life of cosmetic formulations.

Benefits:

- COSMOS-certified antioxidant solution for cosmetic applications
- Natural antioxidant from plant-based non-GMO sources
- Minimum 70 % tocopherol content for robust formulation stability
- Preserves oxidisable formulation components
