COSPHADERM® VBE

Cosphatec

Cosphaderm® VBE is a skin-warming active ingredient synthetically derived from vanillin and reminiscent of its characteristic scent, Its unique warming effect with a fast onset and a long-lasting sensation is mechanically similar to, but less irritating than capsaicin's, This effect, which is directly linked to vasodilation, as well as its ability to increase local blood flow make Cosphaderm® VBE a great alternative to capsaicin in many personal care applications from head to toe,

Benefits:
- Alternative to capsaicin
- Warming effect
- Boosts blood circulation
