

Cosphagard® SA natural is 100% naturally sourced and COSMOS-approved salicylic acid made from natural wintergreen oil by mild fermentation and two-step purification. Salicylic acid has been sourced traditionally from willow trees. Willow bark extract has played a role in traditional herbal medicine in many cultures and the extract of dried bark is still used as a drug in tea or natural medicine. Salicylic acid is a well-known active and listed Preservative that has been used for its antimicrobial, keratolytic and anti-inflammatory activity in products against acne and dandruff for many years.

- 100% naturally derived
- Active substance with antimicrobial properties

ISO 16128

Natural Index	0
Natural Origin Index	1

INCI-Name	Salicylic Acid
Source	Wintergreen
Efficacy Spectrum	Bacteria: <input checked="" type="radio"/> Yeast: <input checked="" type="radio"/> Mould: <input type="radio"/>
pH-range	max. 5.5
Recommended concentration [%]	3.00
Substance Class	Organic Acids
Function	<ul style="list-style-type: none"> • Skin conditioning • Anti-seborrheic • Keratolytic • Preservative
Type of Formulation	<ul style="list-style-type: none"> • O/W • W/O • Surfactant Based • Waterfree • Water-Based
Solubility	<ul style="list-style-type: none"> • Water-soluble
Appearance	Crystalline powder
Colour	White to off-white
Odour	None to faint characteristic
Item No.	03-006-xxxx
CAS No.	<ul style="list-style-type: none"> • 69-72-7
