

COSPHADERM® PAS NATURAL

Cosphatec

Cosphaderm® pAS natural is a plant-derived anisic acid with multifunctional properties. Due to its very gentle and pleasant scent, Cosphaderm® pAS natural can be used as a masking agent to cover undesired odour from other ingredients. Another function of anisic acid is the strong antimicrobial efficacy at pH values below 6.0, especially against yeasts and moulds.

- Strong antimicrobial efficacy against yeasts and moulds up to a pH value of 6.0
