

Cosphaderm® T-50 NON GMO ECO is a blend of organic sunflower oil and mixed tocopherols from NON GMO vegetable sources. It contains a minimum total amount of 50% tocopherol with high proportions of beta, gamma and delta isoforms. Mixed tocopherols are widely used as ideal natural antioxidants for protection of oil and fat components susceptible to oxidation.

- Natural antioxidant from non-GMO sources
- Minimum 50% tocopherol content
- Protects oxidizable components in cosmetic formulations
